A-Class Marble - Angelo White Marble

Angelo White marble is a quintessential choice for both contemporary and classic interiors. Its immaculate white surface, intricately threaded with delicate veining, exudes luxury and subtle elegance. Sourced from A-Class Marble's finest mines in Zambia, Angelo White is one of the strongest marble worldwide. This premium luxury stone is ideal for crafting an opulent living room, a classic kitchen, a show-stopping feature wall or even a serene bathroom sanctuary.

A-Class Marble

Angelo White's Characteristics Inspire Awe

- **Versatility:** The natural stone's radiant white surface and a standard thickness of 20mm, accentuated by muted patterns, makes it an ideal choice for **modern & minimalist** spaces.

- **Durability and Functionality:** Angelo White's robust structure resists wear, making it a preferred material for bustling spaces such as luxury hotels, office lobbies and living areas in homes. It is one of the hardest stones among **white marble**, ensuring resilience without sacrificing refinement.

- **Texture and Finish:** The stone's translucent quality allows light to bounce off its surface, amplifying its radiance. Additionally, its adaptability to clear resin treatments ensures long-lasting brilliance and ease of maintenance, enabling it to achieve a high polish. Apart from a fine polished finish, **Angelo White** is also available in a rough leather or honed texture to

complement multifunctional spaces.

- **Sustainability:** **Angelo White Marble** is ethically sourced and reflects an eco-conscious approach to design. Its precise extraction from the pristine quarry of A-Class Marble highlights a commitment to **sustainability**, aligning with global trends prioritising nature-inspired, sustainable luxury.

Design Applications of Angelo White Marble

Angelo White Marble offers limitless applications, seamlessly elevating **interiors** and **exteriors** alike. Its expansive veining and luminous finish make it ideal for **flooring**, creating a sense of openness and grandeur. Statement walls & **cladding** benefit from its subtle sophistication, while its resilience suits high-use surfaces like kitchens, bathrooms & entertainment spaces. Beyond **interiors**, the **marble** enhances building facades to integrate natural beauty with durability. **Angelo White** redefines timeless elegance in every setting, whether as a bold

sculpture or a harmonious backlit focal point.

Angelo White embodies classic elegance and versatility, making it a cornerstone of luxurious design. Its pristine white canvas with delicate veining transforms spaces with sophistication and grace, blending seamlessly into diverse aesthetics. Its durability and luminous finish ensure enduring beauty, whether used as **flooring**, **wall cladding**, or bespoke **furniture** and **countertops**. Exclusively brought to life by A-Class Marble, this rare stone is a fitting tribute to design excellence & a significant contribution to the design industry.
